

Green Gables & Island Artisan Tour

Prince Edward Island Tour for North American European Union Delegates (Spousal/Partner Tour)

Date: Wednesday, September 13th, 2023

Pick up at Delta Hotel – brought to you by: Experience PEI

Lunch included with purchase price. After you register, you will receive in early Summer a separate email where you will be asked to choose your lunch based on a series of options

Anne of Green Gables is Prince Edward Island's most famous inhabitant despite being a fictional character created by Island author Lucy Maud Montgomery. However, Green Gables house is real and a National Historic Site that celebrates the novel and author.

Enjoy a guided scenic tour from Charlottetown to Green Gables. Then take your time wandering the beautiful grounds, interpretive centre, gift shop and the house itself where Parks Canada interpreters will share the history of Green Gables and Anne.

Lunch will be at the Ship's Company Pub & Galley after which you'll head out through PEI National Park along the Gulf of St Lawrence to visit a couple of galleries filled with products made by Island artisans. You'll visit Gaudreau's Fine Woodworking where Diane and Jacques Gaudreau create amazing wooden ware items in their studio overlooking the beautiful Rustico Bay.

In addition to their own pieces they have also assembled a collection of one of a kind pottery from Island and Maritime potters. The Dunes Studio Gallery is home to potter Peter Jansons and is the Island's most eclectic mixture of arts & crafts, Island art, fine art & furniture, fashion, jewelry and pottery. It also has the most amazing gardens featuring modern and classical carvings from Indonesia and Bali.

There are hundreds of varieties of plants in the gardens as well as herbs and vegetables produced for the dining room. Sit back and relax as you drive through the Island countryside on the way back to Charlottetown.

- 10:00 Depart Delta
